Profile

I am a graduate software developer with over 25 years of professional experience, including 14 years at the University of Bristol. After completing a 16-week Web Development Skills Bootcamp in 2024, I continued to build my skills independently with C#, ASP.NET MVC, SQL and QA testing courses. I've learned that I enjoy picking up new technologies, adapting quickly and working well teaching myself new skills. My previous roles have given me strong transferable strengths such as data analysis, process improvement, clear communication, and managing end-to-end responsibilities in busy environments. I'm keen to bring these skills into a supportive Scrum team, contribute to a .NET platform, and continue developing my interest in user centred design and AI driven features.

Education & Training

- Skills Bootcamp in Software Development (2024): HTML, CSS, JS, React, Node, UX, Testing.
- Udemy 2024–2026: C#, ASP.NET MVC, SQL Bootcamp, ISTQB Foundation, Agile.
- MSc Criminology & Criminal Psychology (Merit), University of Portsmouth.
- BSc Psychology (2:1), UWE Bristol.

Relevant Experience

- Postgraduate Research Administrator, University of Bristol (2024–Present):
Managed complex datasets, maintained SharePoint systems, created digital content, coordinated admissions processes and supported high-volume workflows.
- Research Coordinator – Bristol Cats Study (2022–2024): Improved data workflows, introduced a source-control-style process, managed mass communications, built webpages using HTML/T4, and used analytics to track engagement.

Technical Skills

- C#, JavaScript, SQL, HTML, CSS
- ASP.NET MVC, React, Node.js
- Visual Studio, VS Code, Git, GitHub
- OOP, Agile/Scrum, ISTQB Foundation
- REST APIs, State Management, DOM
- SharePoint, T4, Analytics Tool

Projects

- Bank Account App (React/JS): Component-driven UI, validation, clean state handling.
- Weather Dashboard (HTML/CSS/JS): Responsive, accessible front-end with structured design.
- DOM Interaction Projects (JS): Event-driven UI updates, dynamic behaviours.
